

Supporting transition for autistic students

1

SUPPORT SKILL DEVELOPMENT

Implement strategies that support autistic students to develop skills in help-seeking and disclosure.

2

INFORMATION FOR FAMILIES

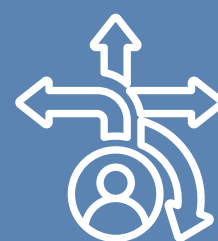

Develop and promote resources which inform family members about students' rights and responsibilities at university.

3

FLEXIBLE TRANSITION SUPPORT

Implement strategies that are responsive to the potentially disrupted transition experiences of autistic students.

4

ENABLE FAMILY SUPPORT

Implement and promote mechanisms which enable autistic students to identify a family member or support worker as a key contact or advocate.

5

ENGAGE PROSPECTIVE STUDENTS

Implement and promote strategies which enable early engagement of autistic students who are considering attending university with relevant university disability or equity services.

6

INCLUSIVE ORIENTATION PROGRAMS

Implement strategies which support the attendance, participation, and inclusion of autistic students at orientation programs.

7

INCLUSIVE CAMPUS CULTURE

Create an inclusive and welcoming campus culture, which celebrates neurodiversity and encourages autistic students to embrace their autistic identity.

8

UNIVERSAL DESIGN FOR LEARNING

Adopt Universal Design for Learning approaches and inclusive teaching and learning practices.

9

HOLISTIC APPROACH TO TRANSITION

Develop and implement transition strategies which support a holistic approach to orientation and transition.
